

March 1/62

Dear Garrison

²² I hope you will
look over the papers
I send you and draw
the attention of real
radical antislavery
friends to the move-
ments of the
Educational Com-
mission. Certainly
it is "striking at
the root of the
tree" if we educate

the slave. We
have now the
golden opportunity
of educating two
at Port Royal
Twenty four
teachers have
already gone
under direction of
the Commission.
This for only
two or three weeks
work certainly
seems to me worthy

of note & much
command. These
sympathies of
all true Abolition-
ary people

Funds however
are the hinges
of such an un-
derstanding - I
believe in money
as well as prayer

Ever faithfully
Yours & friend

Henry D Bowditch
